ALWAYS MODERN

With a nod to revered Finnish architect Alvar Aalto, Circa's elegant curve and organic modernist lines mimic its location on Frederick Douglass Circle. Featuring a tiered profile of terraced residences, New York-based architects FXFOWLE have created a striking 11-story presence that is designed to achieve LEED certification. A beautiful and efficient louver system on the façade frames views and shades southern-facing units. Sensitivity to environmental issues and a preoccupation with the new building's role in the larger community speak to the value of this meaningful new landmark.

THE
"ARCHITECTURE IS THE ART AND SCIENCE OF
CREATING THE FRAMEWORK OF OUR LIVES."
BJARKE INGELS

The indulgent spa treats truly appeal to the senses – sight, sound and touch. The water-themed spa features a 52-foot heated pool and indoor sun deck, a cedar-lined dry sauna and the unique Aqua Spa, a lavish space with tiered steps of heated marble reminiscent of a Turkish hammam.
INVITINGLY LAVISH.
INCREDIBLY INDULGENT.
